Dewsons Wembley Adopts Inventory Control

Dewsons Wembley has completed a course run by Retail Systems to implement full inventory control and automatic re-ordering.

The course was held at the store after Mike Van Lit attended a full training course at BAS-X's offices in Brisbane.

The course covers staff training, procedures, inventory forms and the BAS-X Suite of Utilities Software that complements Grocery Manager.

Vince and Sam are thrilled with the results and are quoted as saying "the training opened our eyes to the full benefits of Grocery Manager, plus the BAS-X utilities for automatic re-ordering provides additional financial benefits not previously contemplated".

For more details of the course and software, please call Peter Martin on 9422 5600.

Grocery Manager Update

The next release of Grocery Manager Software is set for Beta Testing in December and due for release in January/February 2005.

Customers with a Software Support Agreement (Annual Support Fee) will receive this update at no charge.

If you don't have a Software Support Agreement and would like this update (recommended), it will be available at a cost of \$600 plus GST.

Alternatively please phone Gavin Tyrrell for information on the Software Support Agreements available.

Free ADSL Connection!

We are thrilled to announce the new FREE Broadband ADSL connection. You can save \$99 when signing up to Westnet Broadband ADSL from now up until 31st December 2004. For more information please call Peter Martin

PC Maintenance

With computers connected to the Internet it is extremely important to ensure your **virus scanners** and **Windows updates** are kept up to date.

Microsoft and many virus software companies release monthly updates to their software to ensure you are kept free of viruses and security vulnerabilities.

If you are connected to the Internet or have computers on a network please ensure your updates are being applied and you have the latest virus patches installed. If you have any questions please phone our friendly support staff.

Christmas & New Year Support Times

Retail Systems will be closed from:
5pm, 24th December to 8am, 29th December.

And again from:

5pm, 31st December to 8am, 2nd January.

Only EMERGENCY calls affecting your ability to trade will be attended to during these times of closure. All other calls will be attended to on commencement of normal business hours.

EMERGENCY ONLY telephone support will be charged at the public holiday rate of \$95 per call plus GST.

EMERGENCY ONLY onsite support will be charged At \$95 per hour plus GST for a minimum of 3 hours, i.e. \$285 plus GST minimum call out fee.

Please inform your staff of these times so that you don't get any surprise invoices in the mail.

A Big Congratulations To...

Dewsons Donnybrook, winner of the FAL Store of the Year and Dewsons Wembley, winner of the Dewsons Store of the Year

*Merry Christmas
and Happy New Year
from all the staff at Retail Systems.*
